Helping Families Affected by Harvey

Families and individuals affected by Hurricane Harvey can come to MAM for financial assistance, help replacing clothing and furniture, emotional support and other services.

MAM is committed to reaching those who do not have access to assistance from FEMA or other government entities. We have added zip code 77084 to our service area due to the high need out near Addicks Reservoir. Families whose breadwinners have been out of work, families who are self-employed, tenants who must move to new apartments and those who have lost everything may turn to MAM for **help with housing, household goods, clothing and personal items**. Those who are self-employed may have help **replacing lost tools** or small pieces of equipment needed for their livelihood.

In addition, MAM Spanish and English-speaking Case Managers are available to help survivors make a recovery plan and provide emotional support and technical guidance through the process. MAM is also working with local providers such as Community Development Corporations to help survivors find **support for rebuilding property**.

MAM will verify your financial need as well as provide a case manager to support you in your recovery process. You can view a list of our services at www.maministries.org/services

If you or your friend or family need financial assistance and support for recovery from Harvey, please email harveyhelp@maministries.org or call **713-468-4516 ext. 100** for information. Please include your name and zip code in the email.

We can help families living in our service area covering these 18 zip codes.

ZIP Codes Served: 77008, 77009, 77018, 77022, 77024, 77037, 77039, 77040, 77041, 77043, 77055, 77076, 77079, 77080, 77084, 77088, 77091, 77092
