Did you or friend or family member lose their professional wardrobe because of Harvey?

The Association of Women Attorneys - Houston has gathered donations of women's professional clothing, shoes, and handbags to provide to women who need them. They are scheduling appointments NOW for women to come get clothing to start rebuilding their wardrobes. Go to HelpProfessionalWomen.com for more information.

I toured the conference room FULL of donations tonight after our AWA Board meeting and was once again in awe Houston's generosity!

(There's even a dressing room to try clothes on! How cool is that?!?)
